

Ebrahim Aljassim

Hungerstation

“ I saw an opportunity to transform the food delivery industry in Middle East. ”

COUNTRY Saudi Arabia

INDUSTRY Consumer Goods & Services

YEAR SELECTED 2014

WEBSITE

COMPANY SNAPSHOT

HungerStation is the hottest new method for ordering food in Saudi Arabia. Its website and mobile app facilitate online food ordering, tracking and delivery. Those who cannot cook or drive, or do not have the time for either, can select the perfect meal from the countless restaurants available through HungerStation. The company provides access to restaurants without existing delivery services, which has helped expand options for restaurants and customers alike.
