COMPANY SNAPSHOT

OTS offers digital communication solutions to help businesses communicate and form meaningful relationships with their customers through web and mobile channels. Its most popular service is a bulk SMS platform to send millions of messages in an instant, and it also offers digital and mobile advertising, social media management, web and mobile app development. OTS has expertise in effectively reaching consumer audiences throughout MENA, with offices in Saudi Arabia and six other countries in the region, and clients in 20 countries.
