Green Studios

“ I saw an opportunity to promote sustainable architecture and design in the Middle East. ”

COUNTRY	Lebanon
INDUSTRY	Business/Professional Services
YEAR SELECTED	2014
WEBSITE	www.greenstudios.net

COMPANY SNAPSHOT

Green Studios designs and builds green walls and roofs, and provides its own independent landscape architecture services. Using its proprietary technology, which pumps water through a synthetic “skin” on which the plants grow, Green Studios’ builds walls that require three times less water than competitors. Green Studios has already worked with prominent Lebanese real estate developers and has secured projects in Dubai and Egypt to be completed in 2014.
