COMPANY SNAPSHOT

Shaking up the traditional tequila industry in their native Mexico, entrepreneurs Moises and Daniel are aiming to reinvent the tequila-drinking experience the world over. They founded Tequilera Milagro with a focus on superior product quality and innovative brand management, aiming to replace old-fashioned images of “horses and haciendas” with hip nightclubs and sleek cocktails. The strategy has paid off: Tequilera Milagro has become the fastest growing tequila product in the U.S. The company has been ranked on *CNN Expansion's* “Top 10 Entrepreneurs.” Milagro now represents the fourth largest tequila company in the United States and the eighth largest in Mexico, passing tequila manufacturers who have been in business for more than 200 years.
