Now you can make every destination an Oasis. Parker Stanberry founded Oasis Collections to offer travelers a curated, online platform of high-end, short-term rental properties across Argentina, Brazil, Colombia, Uruguay, and Miami. While individual property owners typically offer limited services to short-term renters, Oasis provides a complete hospitality experience that includes support from an around-the-clock, on-the-ground team, and social perks such as access to Oasis' private members' clubs and exclusive events. With over 700 properties in its portfolio, and a network of exclusive members' clubs, Oasis has received international recognition in Vanity Fair, The New York Times, Conde Nast Traveler, and the Financial Times, among others.
